

Program Purpose Statement

PGY1 residency programs build upon Doctor of pharmacy (PharmD) education and outcomes to develop pharmacist practitioners with knowledge, skills, and abilities as defined in the educational competency areas, goals, and objectives. Residents who successfully complete PGY1 residency programs will be skilled in diverse patient care, practice management, leadership, and education, and be prepared to provide patient care, seek board certification in pharmacotherapy (i.e., BCPS), and pursue advanced education and training opportunities including postgraduate year two (PGY2) residencies.

Baptist Health Corbin's residency program is designed to enable the resident to provide progressive pharmacy services in a variety of clinical settings for an acute care community hospital. The resident is exposed to many different clinical and professional elements important to current practices of clinical pharmacy.

Responsibilities include participation in the Pharmacy and Therapeutics committee, Antimicrobial Stewardship, and Opioid Stewardship committee meetings and initiatives, precepting students, presenting lectures, and conducting valuable research to expand clinical pharmacy services.

Residents' experiences are customized and adapted throughout the year to allow them to meet their individual goals. Residency preceptors challenge the residents to excel in a supportive community environment and prepare them to be future leaders in the pharmacy profession.

Serving Our Community

As a nonprofit organization, Baptist Health has made a commitment to our community to provide care and services that go far beyond what is expected of a hospital, including charity care, education, community involvement and partnerships. It is a relationship in which the community always wins. Baptist Health admits and serves patients equally, without regard to race, color or national origin, disability, sex or religion.

Accredited

DIVERSITY • EQUITY • INCLUSION

Baptist Health Corbin's pharmacy is committed to building an inclusive, varied workplace welcoming to people of all backgrounds.
