

### **Baptist Health Amounts Generally Billed (AGB)**

Baptist Health calculates the AGB separately for each Baptist Health hospital by determining the weighted average percentage of charges allowed, using available data that provides the percentage of charges allowed on accounts for all private insurers and Medicare fee-for-service, in the twelve-month period preceding its then-current fiscal year. These AGB percentages became effective on December 20, 2020.

Each of the Baptist Health facilities and their AGB percentages are listed below.
